## Advantages and Specifications of GOTAG business cards

WWW.GOTAG.IO

### **Contactless Communication**

Instantly share social media accounts, website, company and bank account information, catalog and more without contact by touching your GOTAG business card to the friends's phone.

### **Measurable technology and reports**

You can check statistics related to the use of your card from a special control panel.

### **It is not necessary to be GOTAG user to get shared information**

The person touching your card can see shared information even if they do not own GOTAG.

### **Unlimited sharing**

Sharing of information happens in seconds, regardless of the volume or size. There is no limit to share your information.

### **Updating of information**

Edit your information whenever you want and change your card information instantly. Quickly share your new profile with anyone. You do not need to order a new GOTAG card for this.
